

Council Postpones V.O.N. Decision, Hears Deputation

Mayor Urges Grant To Establish V.O.N. Nurse In Newmarket, Declares It Would Mark "Milestone"

The town council postponed a decision on making a grant to establish a Victorian Order Nurse, after hearing a deputation and discussing the subject, at a town council meeting Monday evening.

The deputation, appointed at a public meeting, consisted of Mrs. Harry Bell, Mrs. J. C. R. Edwards, Rev. Joseph A. Koffend, Bernard McHale, Fred Thompson and Mrs. A. H. Woods. Mr. Koffend was the spokesman.

Mr. Koffend presented a resolution which requested appointment of a Victorian Order Nurse on April 1 and a grant of \$1,250, and listed 18 names from which an administrative committee of ten persons might be chosen.

The names suggested were: Dr. J. H. Wesley, M.O.H., Mayor Dr. L. W. Dales, Mrs. Harry Bell, Mrs. J. C. R. Edwards, Rev. Joseph A. Koffend, Bernard McHale, Fred Thompson, Mrs. A. H. Woods, Mrs. Max Smith, Principal H. A. Jackson, R. D. Brown, Archie Mair, Mrs. Bertha Dunn, Mrs. M. B. Seldon, W. B. E. worth, Principal J. B. Bastedo, W. M. Cockburn, H. E. Lambert, Reeve F. A. Lundy.

Mr. Koffend said that he would bear a portion of the expense. Mr. Koffend said that he had not discussed the question with the board to which he belonged, but that the committee hoped that the school boards would contribute something additional to the council grant of \$1,250.

"How much?" asked Councillor Joseph Vale.

"Fifty dollars," said Mr. Koffend.

"That means a total of \$1,300 from the town?" said Councillor J. L. Spillite.

"Yes," agreed Mr. Koffend.

"What about an office?" asked Councillor Wm. Dixon.

"Do you expect any expenditure on it from the town?"

"We haven't made any request for an office," said Mr. Koffend.

"It would be up to the administrative committee when appointed."

"We are interested in knowing what the total cost to the town would be," said Mr. Dixon.

"If we grant \$1,250, will our responsibility be through?" asked

Councillor Joseph Vale.

"I don't feel that I have any authority to say that," said Mr. Koffend.

Mr. Koffend said that the total V.O.N. budget would be about \$1,850.

Deputy-Reeve A. D. Evans suggested that the matter be discussed later in the meeting, when more information might be available.

"This matter has been thrashed out for a long time," said Mayor Dr. L. W. Dales. "The only thing that stands between us now is a matter of accommodation. The grant should be half a mill. If the assessment goes up, the grant should increase. It should be paid monthly."

Mr. Koffend said that he had been talking with the deputation and that all the money the committee intended to ask for was \$1,250. Accommodation might be extra but there would be no expense to the town in furnishing or decorating.

Dr. Dales invited the committee to remain until the council, then in committee of the whole, could discuss the question and reach a decision.

Later on, when the question was reached again, Councillors Frank Bowser and J. L. Spillite moved that a grant of half a mill be made, to be paid in monthly instalments.

Dr. Dales said that the half mill would be for a full year and that the 1943 grant would be only pro rata.

N. L. Mathews, K. C., clerk and solicitor, said that that would mean three-eighths of a mill this year, for the period from April to December.

Dr. Dales said that employment of a V. O. N. nurse would be a "milestone" in the history of Newmarket.

"I have been admiring very much the effort that these citizens have been putting forth," said Mr. Vale. "I know that their purpose is sincere. It is only as interested groups like this promote various projects that the council takes action. I hope that you will credit me with sincerity too."

"Some people are opposed to

Need Yet More Clothes For Russian Relief

The first collection of clothing to send to Russia has been packed and shipped to Toronto. Delivery to the collection base in Toronto is being taken care of by the Davis Leather Co.

This first shipment weighs about half a ton, containing a large number of winter coats, among them an excellent fur-lined coat with Persian lamb collar, a dozen good quilts, woollen underwear and other clothing.

Further shipments will be made as sufficient supplies accumulate. Anyone having good used clothing to donate is asked to take it any Tuesday or Friday afternoon to the kitchen at Trinity United church.

The Russian people who will get this clothing have lost everything, say the Red Cross ladies who are doing the packing. They have no needles, thread, buttons or patches to repair clothing. Contributors are asked to see that clothing is clean and in condition to wear.

The four teams of the Newmarket public and separate school played two close hockey games on Tuesday night. The first game between Team 1 and Team 2 ended in a 2-1 victory for Team 2 and the second game between Team 3 and Team 4 was won by Team 3 by a score of 4-3. The previous Tuesday night's games were also close, the game between Team 1 and Team 3 ending in a 2-1 tie and the game between Team 2 and Team 4 in a 3-2 victory for Team 2.

Take Bombers At Barrie In Game Which Finds Newmarket Boys Opposing Old Home Town Colors

By BILL HASKETT

Minus two of their stars, the Bangay brothers, the Newmarket Redmen from C.A.B.T.C. 23 were still good enough to eke out a 3-2 decision over Angus Bombers on Monday night. The game was played in Barrie.

To make up for the loss of these two players, Coach MacDonald iced two new men. Johnny Frew, a former Toronto Marlboro junior and Atlantic Sea Gull senior, took over the left-wing spot vacated by Nick Bangay, and Carson, a Toronto boy, was used at centre. After plowing through a regular blizzard and helping to push many stranded motorists on the way up to Barrie the boys proceeded to turn the heat on the air force Bombers.

McMaster scored the first goal for Newmarket on a pass from Nicholl at the 14:30 mark of the first period. Our old friend, Alex. "Red" Mathewson, of New-

market, got the only penalty of the period. In the second period Borden Wheeler, a brother of the star defenceman on our local team, evened the score on a three-way passing play with Reid and Long.

From that point on in the second period it was all Newmarket. Nesbitt and Frew got goals. Wheeler, Heenan and Stewart got penalties. Sills of Angus got an unassisted goal at the 5:10 mark of the third period. Again in this session the Newmarket team got all the penalties. Stewart, Frew and Nicholl went to the sin-bin.

Two Newmarket boys are on the Angus team. Stan. Evans and Alex. Mathewson are both members of the Bombers. According to Coach MacDonald of the local team both went well on Monday night. Referee J. S. Dobson of Barrie, who handled the game, is the same fellow who was commissioned by Bill Hewitt to draw up a new schedule for the group a couple of weeks ago.

ERA AND EXPRESS IS "DAILY NEWSPAPER PUBLISHED WEEKLY"

With this issue The Newmarket Era and Express starts a new volume. It would have been the 92nd year of the Newmarket Era and the 49th year of the Express-Herald.

The eight and a half months since the amalgamation of the two weeklies have been difficult ones not only for weekly newspapers but also for many other businesses and individuals, and the months that are ahead, with the manpower shortage becoming acute, promise to become even more difficult.

Until the war is over people should be thoughtful and considerate in the demands that they make on community services. All of us should avoid impatience with the store that hasn't the brand or the size desired, the unnecessary calling of the doctor, failing to keep a dental appointment, asking the garage or the printing-shop or the machine-shop for rush jobs unnecessarily.

The Era and Express faces the immediate future with insufficient staff. This town's newspaper is an important community job and plays its part in the national mobilization of effort and must go on. And it will be carried on in spite of all difficulties that may arise—with the help and the consideration of readers and advertisers. The Era and Express is a "daily newspaper published weekly," that is, the work of producing this paper must be divided over six days,

and it is impossible for such a small shop to do it all in two or three days.

One request that may be emphasized more as time goes on is that the public should do its advertising through the newspaper rather than by asking for the printing of posters and dodgers.

We say thank you to the public for the reception given the amalgamated newspaper. People have been tolerant of mistakes and shortcomings, and are appreciative of war-time difficulties. Had there been no amalgamation the past year would have been difficult indeed, perhaps impossible, for both publications.

The staff has worked hard, putting in long and difficult hours at times, to get the newspaper printed each week. They have tried to make it useful and interesting. The owners and editor have endeavored to live up to the purpose announced at the time of amalgamation, "to publish an independent weekly newspaper, that is to say, a newspaper which, while striving to report all viewpoints as the publisher and editor may judge matters worthy of space, shall not owe any allegiance to any political party, or any other group or individual, and shall be free to criticize or commend any political or other party or group, government, or individual, within the bounds of fair comment, as occasion may arise in the opinion of the publisher and editor."

ARTICLES NOT NEEDED WILL FIGHT FOR YOU

There are only two weeks left to round up those "white elephants" you are donating to the Lions club sale on Feb. 17 and 18 in the town hall. Last year's sale gives some idea as to what is acceptable in the way of articles you have no further use for. The Lions would be glad of anything from an egg cup to a piano.

You perhaps have some wedding presents you never used, some "unclaimed baggage," old lawn-mowers, toboggans, wagons, skates, ski outfits, discarded tools, dishes, furniture, stoves, wheelbarrows, sprayers, car accessories or even your car, if you are not going to use it.

Any used clothing can be listed at the same time and when collected will be sent to the Russian fund headquarters to be baled. Don't keep moth feed around when the gallant Russians are perishing for want of clothing. The members of the Newmarket Lions club will be making a door-to-door canvass and leaving cards on which to list articles. These should be sent in as soon as possible and if possible a week before the sale, so the sale bills can be printed. In case you are away when the Lion calls, just add your articles to the neighbor's card or send a postcard to Lions club, Box 380, Newmarket, listing what you have.

In addition to supporting local war charities, including the Aid to Russia fund, the Lions are making substantial donations to the Lions British Child War Victims fund, which is being administered 100 cents on the dollar by the Waifs and Strays Society of London, England, under the distinguished patronage of Her Majesty Queen Elizabeth, who expressly asked that it be used to take care of bombed-out children. Over \$90,000 has been sent over by the Lions clubs. It takes \$120 to care for one kiddie for one year.

Fill out your cards as soon as you can give your unusables the once over. Help the Lions to help the kiddies!

TOWN WILL SEE BOYS GET ERA AND EXPRESS

An order has now been issued to newspaper publishers that "mailings for overseas destinations must be confined to copies addressed to bona fide subscribers," that is, to persons whose subscriptions have been paid either by themselves or by someone on their behalf.

The Era and Express is being sent to 122 Newmarket soldiers, sailors and airmen overseas or on active service on the Atlantic or Pacific from Canadian ports or air-ports. Of these subscriptions 14 are paid for by friends and relatives and 108 are free. Six more names are being added this week to this mailing list, which is also used by the Newmarket Veterans for mailing their parcels.

The Express-Herald began to send free papers overseas in the spring of 1940, shortly after the first Newmarket boys arrived overseas. The Newmarket Era began to send free papers to the Newmarket boys in the summer of 1941.

It is hoped that quite a few parents and friends of the boys overseas will want to take over subscriptions, at the soldier half-price rate of \$1.

On the suggestion of Mayor Dr. L. W. Dales the town council unanimously agreed to assume responsibility for the balance, those subscriptions not paid for by friends and relatives, at a meeting of the town council on Monday evening.

In making the necessary motion, Deputy-Reeve A. D. Evans said that he knew what it meant to receive the local newspaper when away on active service. He expressed thanks to A. C. West, editor of the Express-Herald, for what he had done in sending free papers overseas.

NEW BELL MANAGER NAMED AT NEWMARKET

C. E. Bosdale, of London, Ont., has been appointed Bell Telephone manager for Newmarket and vicinity, succeeding H. McClelland, who has been named staff assistant at the company's general offices in Toronto.

Mr. Bosdale's duties as Newmarket manager include the supervision of the exchanges at Richmond Hill, Aurora, Bradford, Roche's Point and Sutton. He takes over his new post this week.

Mr. Bosdale, who entered Bell Telephone service as a salesman in Guelph on June 7, 1926, was born in Delaware, Ont. He was educated there and at London collegiate. Before being attracted to the telephone field, he was a bank manager in a small community.

He comes to Newmarket with a background of over 16 years in the telephone business, including service in Kitchener and Windsor. Lately, he has been staff assistant in the London district office.

Mr. McClelland joined the company in Toronto in 1925, and was appointed chief clerk at Barrie in 1928. He later served in the same capacity at Peterborough, coming to Newmarket from that city on Oct. 1, 1938.

On June 1, 1941, he was granted leave of absence for duty with the Royal Canadian Air Force. He resumed his post as Newmarket manager last March.

COUNCIL DIVIDES ON AID TO RUSSIA GRANT

Newmarket town council voted \$25 to the Newmarket Lions club for the Aid to Russia fund at a meeting on Monday evening.

Four members of the council, Councillors Joseph Vale, Wm. Dixon and A. V. Higginson and Deputy-Reeve A. D. Evans voted against the grant.

Mr. Vale and Mr. Dixon said that citizens had already given individually and would now be giving a second time.

"It would be only half a cent per person," N. L. Mathews, K.C., clerk and solicitor, told Mr. Vale.

In reply to a question, Mr. Mathews said that the department of municipal affairs had advised the town not to make patriotic grants.

Mr. Vale said that the council had not given to the British War Victims' fund and "turned the Greeks down."

Mr. Evans said that the council had not made a grant to the Red Cross, the Aid to China fund, the British War Victims' fund, and that once the council started giving it couldn't stop.

Reeve F. A. Lundy said that the county council was giving \$5,000, and agreed to support the grant if it were made to the Lions club rather than to the Aid to Russia fund.

With the vote tied, Mayor Dr. L. W. Dales, who proposed the grant, declared it carried.

Lack Of Vocational Work At High School Regretted

HIGH SCHOOL BOARD NAMES A. N. BELUGIN CHAIRMAN 2ND YEAR

A. N. Belugin was re-elected for a second term as chairman of the Newmarket high school board at the inaugural meeting last evening.

Those present were G. L. Manning, R. L. Boag, W. J. Geer, A. N. Belugin, J. E. Nesbitt, W. J. Patterson, Secretary A. W. Mills and Principal J. B. Bastedo.

Mr. Boag began a new three-year term as a representative of York county council, and Mr. Nesbitt began a three-year term as a representative of the town council.

On the motion of Mr. Manning and Mr. Geer, the board renewed its membership in the Ontario School Trustees and Ratepayers Association and the Associated High School Boards of Ontario. The board re-appointed Mr. Patterson as its representative to attend the meetings of these associations.

Last year's finance, management and supply committees were re-named.

Mr. Mills reported that the necessary steps had been taken to exempt Fred Barker, high school caretaker, from payment of unemployment insurance.

The board made its usual grant of \$60 for the boys' athletic society and \$30 for the girls' society, and approved all payments made since its last meeting.

"We are not doing so much athletics outside the school but more in the school," said Mr. Bastedo.

Mr. Bastedo reported to the board that at a recent farewell banquet for Bandmaster Robert Moore, who is going on active service, Mayor Dr. L. W. Dales had suggested that the high school might teach the playing of brass instruments in order to preserve the band.

Mr. Manning suggested that

BOYS ARE LOST

Three small boys, 10, 11, and 12 years of age, who were out skiing on Sunday and were unable to get back to their Queensville foster home due to the snowstorm, were found at a farm near Mount Albert on Tuesday. A Mount Albert farmer said the boys came to his home late Monday asking for food and shelter. He informed the police on Tuesday of their safety. They spent Sunday night in a barn.

NAME WEED INSPECTOR

Wellington Curtis was named weed inspector at a stipend of \$50 a year at a Newmarket town council meeting on Monday evening.

Councillor Frank Bowser said that Town Foreman Datus Crowder was too busy to do the job.

Councillor Joseph Vale, who is allergic to ragweed, declared that weed inspection was an "important matter."

The town itself might employ an instructor. Mr

PUBLIC BUSINESS

Listowel town council recently agreed to hold a committee meeting once each month to discuss fully problems coming before the regular council meetings. No by-laws or resolutions would be passed at the committee meetings but the council would put through the necessary resolutions and by-laws at its regular meetings with a minimum of discussion.

It was apparently the mayor's idea, and it was also the mayor's idea that the press and the public should not be present at the committee meetings. Some of the councillors did not understand this side of the plan apparently, and when they did, and when other citizens expressed criticism, the council gave up the whole idea.

The point is that the public is entitled to know not only what decisions are reached by a public body, but also what are the reasons for the decisions, whether the questions have been thoroughly discussed, whether pros and cons have both been brought out, what particular members think about each question, and the extent to which various members of the public body have influenced the decision.

Public business is not like private business. It is sometimes a handicap to have to decide public business in public, for possibly if a single individual could make the necessary decision and conduct the business for the town (in dictator-style) he could often drive shrewd bargains on behalf of the corporation. But public business remains public business. It is the business of every citizen, and every citizen is entitled to know all about it.

On the other hand, it is usually a great advantage to the town and to those conducting the town's business that they work in a glass house. When citizens know what is being done, how it is being done and why it is being done, they pay taxes more promptly and cheerfully, and they vote intelligently at the end of the year. When there is a capital expenditure to be made, the citizens, if they have the say, will invariably turn it down if they haven't been taken completely into the confidence of the spending body. If they have been kept fully informed, and the spending body is right, they will not be slow to give their approval.

For example, a few months ago Newmarket town council bought a building to be used as a municipal office. There was not a single objection raised at a public hearing by the municipal board. That was because the public had gained confidence in the council's decision, as a result of following the council discussions concerning the practicality of renovation of the old building and concerning the advisability of doing it in war-time. The public saw that some of the councillors were opposed to the first proposal and then saw that they were all in favor of the second proposal. Citizens were satisfied that the council had considered the question carefully and that there were members of the council who were ready to criticize any unnecessary expenditure.

Something different happened a few years ago. The Newmarket high school board proposed to the public adding a shop-work and domestic science wing to the high school, with substantial provincial assistance. It was an excellent proposal, in the interests of the town and the young people of the town. The board favored the plan unanimously. Citizens voted on it and, we think short-sightedly (what an advantage it would be today in preparing boys for war industry or the armed forces!), turned it down. But the high school board had itself been "sold" on the proposal by provincial department of education representatives at a meeting at which the press was not present. The public consequently not only missed that original presentation, but it did not hear the questions and objections probably raised by members of the board before they became convinced.

When citizens read in the press the questions and criticisms of doubting members of a public body, and then see those questions and criticisms satisfied, their own questions and criticisms become satisfied. They too become "sold."

There is another important reason why the transaction of public business should be fully reported in the press. Those who are transacting that business will not continue in public office indefinitely, but it is important that their successors should appreciate what they have done, why they did it, and what their objectives and ambitions for the town were. Those successors are citizens as yet unidentified, and the only way to keep them informed is to keep all citizens informed.

There are people who are continually trying to

keep facts about public business from the public. It is a great disservice. There is no fact about public business (with the exception of the names of persons receiving the benefit of welfare expenditures) which the public is not entitled to know, and there should be no irresponsible remarks made at council or board meetings which will not bear reporting to the public. The public man should think carefully before he speaks.

HE SAW, HE SPOKE, HE ACTED

Beer manufacturers took advantage of the last few weeks before the federal liquor advertising ban became effective to tell their story to the public. Even in this province, where liquor advertising was supposedly banned, they could advertise indirectly by advocating the purchase of war savings certificates or Victory bonds or by telling the public what wonderful war work they were doing. They could even slip in the odd sentence about beer maintaining the morale of Canadian workers.

One of the points that the beer people made was that there was no sugar used in the manufacture of beer. They might note that there is no sugar used in the manufacture of newsprint, yet its production has been curtailed. There is labor used, and electric power, in the manufacture of both beer and newsprint.

However, there are many other articles whose manufacture could be curtailed if the purpose were just to save labor. The curtailment of liquor production and sale was based principally by Mr. King on "temperance in the use of alcoholic beverages as a contribution to a total war effort." Mr. King said that temperance would increase efficiency in industry and in the armed forces. Mr. King asked that Canadians "put on the whole armour of God."

We have re-read Mr. King's address and we express the opinion that it is, from his appeal for voluntary curtailment of drinking in keeping with the times and the issues, and in protection of the young men in the armed forces away from home for the first time, to the bold prohibition of liquor advertising, the finest address Mr. King has ever made, because it is timely and courageous, moderate and reasoned, and accompanied by action.

HOSPITAL INSURANCE

Listowel Memorial hospital offers citizens of town and district family contracts for \$10 and single contracts for \$5 to provide free two weeks hospital care in case of sickness or accident. It will not cover a maternity case in the first year a person has taken out one of these contracts. The hospital had \$1,000 paid in by contract holders last year.

That is possibly an idea for York County Hospital Association to discuss at its annual meeting next week.

WHAT OTHERS THINK

(Under this heading are published articles believed to express a thought-provoking viewpoint, but not necessarily a viewpoint with which the editorial columns would agree.)

VALUABLE PUBLIC SERVICE

(Huntsville Forester)

Elsewhere in this issue appears the annual report of Miss Murray, Victorian Order Nurse of Huntsville. Miss Murray's tenure of office has not, of course, covered the whole period included in the report, but she has made a careful compilation of the activities of both her predecessor and herself, which combine to give the citizens of Huntsville a worth-while view of the service being provided through this highly important enterprise.

The citizens should read this report with care. From it they will be able to form some opinion of the extent of the V.O.N. service, and the needful place it fills in the economic and social life of the town.

It is too often overlooked that the services of Miss Murray are available to every citizen in need of them. It does not follow necessarily that payment of the modest fee of 75 cents a visit must be made. The value of the service would be seriously impaired if it were restricted only to those able to pay. Its chief value, in fact, is found in its availability to those needing such a service but without means to pay for it.

The extent of the work accomplished through the efforts of one trained worker has always been a source of surprise. The hundreds of professional calls made, the work at the public school, the well-baby clinic, the instruction to expectant mothers, and the leadership given in nutrition education combine to create a total achievement which would be creditable to a staff of three.

The town has always been fortunate in the class of trained workers sent here to carry on this effort. They have been industrious, capable, and imbued with an enthusiasm which has been refreshing, and a great source of satisfaction to the committee which directs the effort.

Credit must also be given to the group of ladies who, over a period of years, have supervised the service in Huntsville. Without thought of anything save a desire to see the work made effective and far-reaching, these ladies have not faltered, nor counted the sacrifice too great. Their part has been splendid.

Thirty-five hundred striking steel workers at Trenton, N.S., returned to their jobs last week under the same 30-day arrangement that sent the strikers back to work at Sydney, N.S., and Sault Ste. Marie, Ont.

EDUCATION IN WARTIME

By Isabel Inglis Colville

Please don't think I am going to try and pit my brains against those of the men and women to whom education is a fetish—who can write learnedly of all its phases old and new, and maybe for whom I am to say otherwise—can see what it will be like a thousand years from now.

Nor am I going to write a tirade about the prostitution of the youthful mind in Italy and Germany. All too soon after the war is over we will see what we have to cope with in the way of diseased and perverted minds and imaginations.

No, what I was thinking of was

25 YEARS AGO

From The Era and Express files, Feb. 1, 1918

The annual meeting of the North York Protection Society took place in Newmarket on Saturday afternoon. Beverley Redditt was elected president. Other officers are: 1st vice-president, Fred Hill; 2nd vice-president, John Stallard; secretary, Chas. H. Dennis; treasurer, Wm. J. Stickwood. The directors are: Silas Armitage, M. F. Starr, John Smith, Wm. Watson, C. Denne, Thornton Bales, J. H. Cole, Scott Bales, Louis Pipher, Geo. Oliver, Geo. Millard and John E. Lewis.

The show, "The Birth of a Nation," put on in the town hall on Friday night, brought in \$300.

The farmers who are able to team in wood just now are to be envied. A load of wood brings nearly as much cash as a load of wheat did a few years ago.

Only eight of the 60 members of the board of trade were at the meeting on Monday night. A snowstorm, beginning Monday morning and continuing until evening, completely tied up the railway from Sutton to Toronto. The line was cleared through to Sutton on Tuesday. It was the second tie-up this winter.

It was so cold on Saturday that there was only a small market. Butter sold from 41 to 43 cents and eggs dropped as low as 55, but most of them sold from 58 to 60 cents a dozen. Dressed chickens sold from 27 to 30 cents a pound.

Mrs. Allan Howard spent the weekend with her sister in Hamilton.

Mr. Beverley Redditt of Richmond Hill spent two or three days with friends here last week, returning home on Saturday.

50 YEARS AGO

From The Era and Express files, Feb. 3, 1893

It is 30 years ago today since the registry office for North York was opened in Newmarket by J. J. Pearson.

A new rotary press has been installed at Cane's factory. Sleighing continues good in spite of the rain on Sunday morning. The thermometer fell from 40 above on Sunday to 16 below by Wednesday.

A change is being made in the heating and ventilating system at the industrial home.

Gerald Pearson, son of Robt. Pearson, was brutally attacked and robbed when he was returning to his home at Pearson's Crossing by way of the railroad tracks on Saturday evening.

Twenty cents was paid for butter and 28 cents for eggs on the market on Saturday.

The number of cows necessary to guarantee the operation of a cheese factory in Newmarket has now been promised and over half the stock has been subscribed. The shareholders, patrons and friends of the Newmarket Dairy Company Ltd. will hold a meeting in Jackson's hall on Saturday afternoon.

starving children, the tortured Jews, the concentration camps and other Nazi horrors do not tend to peaceful dreams. But, without imagination we, the people, would be even more lethargic than we are, and although at times one could do with less, it is more pitiful to see a lack of it and the accompanying lack of realization of just where the world, and we are in it, stands.

Day by day we are learning more about conservation and deprivation.

Do you remember the time when there was such a to-do about aluminum poisoning? When people consigned their aluminum utensils to junk heaps? I wonder if any of those were recovered? Now they are more precious than gold; and tooth paste tubes! We would have thought anyone mildly insane who suggested keeping them.

We kept rag bags and into them went old sweaters and socks and what not, and one breathed a sigh of relief when the ragman came round and relieved us of the task of keeping out the moths. Part of an old churn cluttered up a corner of our cellar for years and only this year did we get rid of it and know it would be of use in some cause.

Never before had we to think about tea and coffee and sugar—and BUTTER! The tea and coffee rations hold out beautifully; the sugar, well, we shake our heads over the making of some things, but we manage, but butter! We are all fond of it, and where there are sandwiches to make five days a week, well, one can't use it lavishly! It's a sort of game to see how far we can make it go and feel quite proud and uplifted when we make ends meet.

I shouldn't have called these things deprivations—they're only realizations, we don't know what it is to do without. Nor will we learn while we have so much of

everything else, but even the necessary changes in our diet are making us more vitamin conscious. We look around for substitutes that will give us what we need, not just stop gaps. While we had everything to do with we perhaps got in a rut. Now we're jolted out of it and find it's fun making a straight way through difficulties.

We've heard a lot about isolation and isolationists. It never used to bother us. Now it's a vital subject for they are not stamped out, they're only smouldering beneath the weight of public opinion, ready to flare up should disaster appear imminent.

"No man lives to himself, alone" is as true now as it ever was and we are to a certain extent our brother's keeper. This war has shown that.

While we ignored that Hitler struck at Poland and Czechoslovakia, so we've learned that to be an isolationist, to turn one's back on the rest of the world, is to break the golden rule. So, we're being educated along many lines. We, before the war, took so much for granted we felt we deserved the good things we had. It gave us a feeling of being just a little better than other lands. Are our eyes opened? I wonder!

WAR WORK AFFECTS MOST WOMEN

Many women today are engaged in war work, or spend much time in Red Cross or similar activities. Still others have one or more of their menfolk working in vital war industries.

Long hours of concentration cause greater strain on eyesight. Defective vision affects efficiency, and creates excess fatigue at the end of the shift. An eye examination now may reveal easily corrected deficiencies.

The Better You See, the Better You Work

Don't handicap your war effort with faulty vision... have your eyes examined soon.

Your HYDRO Answers the Challenge!

WARTIME POWER DEVELOPMENTS IN ONTARIO

- To meet the power needs of Ontario's war industries your Hydro has increased the supply of electricity in the last four years by over 760,000 h.p.
- This has made a tremendous contribution to the war effort, providing our highly electrified factories in Ontario with the necessary power to produce great quantities of weapons for our fighting forces.
- The development of new power sources is continuing—in the wilds of Northern Ontario a huge diversion program, that will reverse the natural flow of water, is nearing completion. In other parts of the Province additional power projects are nearing the final stages of construction.
- The splendid co-operation of the citizens of Ontario in conserving electricity during the recent months has contributed greatly to our war effort and is thankfully acknowledged. The shortage of power, however, is still critical and the need for conservation continues.
- Still more power is needed to produce still greater supplies of war weapons and materials. When the victory is won, that same power will be available to contribute to peacetime progress in our industrial, commercial and home life.

INCREASE IN POWER FROM MOST RECENT DEVELOPMENTS

- Plant nearing completion to provide 65,000 h.p.
- Mid-Ontario plant supplying 10,000 h.p.
- Hundreds of miles of new transmission line.
- Rapid progress on new diversion program.
- 54,000 h.p. plant into production last summer.
- 230,000-volt Transformer Station to distribute power.

PINE ORCHARD FARMER DIES, A. R. GOODWIN

Ill a week with pneumonia, Archibald Richardson Goodwin, Pine Orchard, died at York County hospital on Saturday. He was 78 years old.

Born in Cookstown, Archibald Richardson Goodwin was a son of the late Eliza Riley and Arthur Goodwin of Ireland. He married Angeline Rayner.

Mr. Goodwin was a farmer. He was an honorary member of Sharon Masonic Lodge, Queensville, and a member of the

Anglican church.

Surviving besides his wife are one son, Herbert Goodwin of Toronto, three daughters, Mrs. Florence Blanchard, East Gwillimbury, Mrs. Gertrude Greenwood, Sharon, and Laura Goodwin, Kettleby, one brother, William Goodwin, Regina, Sask., and three grandchildren.

The pallbearers were Wesley Lundy, Toronto, Drury Greenwood, a grandson, Sharon, and Wm. Rosamond, Max and Elmer Johnston and Ed. Owens of Newmarket.

Rev. G. H. Johnson, rector of St. Paul's Anglican church, conducted the funeral service at the chapel of Roadhouse and Rose on Tuesday afternoon. Interment was made in Newmarket cemetery.

"Mothered" Thousands, Glenville Woman Dies

Mrs. Arthur R. Edwards, who underwent an operation at York County hospital last Tuesday, died at York County hospital on Saturday evening. Mrs. Edwards became ill on Monday and on Tuesday was taken to the hospital. She was 58 years old.

Mr. and Mrs. Edwards lived at Glenville and conducted their home as a youth hostel.

Sarah Linda Ausman was the daughter of Hattie Travis and Peter Ausman of Newmarket. She was born in Newmarket. She married Arthur R. Edwards of Aurora in 1907.

Mrs. Edwards had been house mother at the Glenville Canadian Youth Hostel since July, 1938. As many as 27 have stayed overnight at the hostel and Mrs. Edwards has served as many as 40 at a meal. Some Sundays there have been as many as 200 or 300 at the hostel for lunch.

Mrs. Edwards was a member of Glenville United church and of the W.A. of the church, which carried on church and patriotic work.

Surviving besides her husband are one daughter, Mrs. C. H. Fox (May), Toronto, two brothers, Jesse Ausman, Toronto, and Russell Ausman, Toronto, and one sister, Mrs. Emma McGeen, Zephyr.

Rev. W. J. Burton, Kettleby, conducted the funeral service at the chapel of Roadhouse and Rose on Tuesday afternoon. Interment was made in Newmarket cemetery.

Pallbearers were Roy Sharpe, Glenville, J. P. Jefferson, Newmarket, T. F. Webster, Glenville, Thomas Rooney, Jesse Ausman and Russell Ausman, all of Toronto.

DEEP SEA THRILLS ABOUND IN MOVIE

Deep sea thrills abound in Cecil B. DeMille's epic in technicolor, "Reap the Wild Wind," the Paramount picture playing Monday and Tuesday only at the Strand Theatre. In the picture above, Pauline Goddard and Ray Milland are shown just after he has done battle with a giant squid under the surface of the ocean. Lynne Overman and Robert Preston look on.

Gathering the Sport Facts

Nearly two and one quarter million square inches of adhesive tape were used on college football players in the United States last fall. The boys certainly slug for keeps over there.

Chicago Black Hawks, through their owner, Major Frederick McLaughlin, are donating every nickel they make this year to war charities of the United States and Canada. Major McLaughlin's generosity was voted by sports writers of the United States as the outstanding sporting gesture of the year.

Whirlaway has a baby sister. The owners have named this one Whirllette. They have the same mother and father. Blenheim II and Dustwhirl. Did you know that Whirlaway has never been scratched from any race?

The fuel oil shortage affected the Eastern Hockey League schedule last week. Two games were postponed. It seems as though the Madison Square Garden Corporation used fuel oil both in heating and in the ice-making machinery. The heating plant has already been converted to coal but some delay cropped up in changing over the ice-making machinery. The Garden officials called off the games in order to conserve fuel oil.

Many experts have predicted that the St. Louis Browns will win the American League pennant next year. This shouldn't hurt any baseball fans' feelings. They are the only team in either league that have never won a pennant.

Nick Etten, the new first baseman whom the Yankees purchased from the Phils last week, is the eighth man Manager Joe McCarthy has had for that position since the late Lou Gehrig gave up the job in 1939. Taft Wright of the Chicago White Sox must be one of the slowest men in the majors. In nine attempts to steal last season he was thrown out eight times. Down on the New York race tracks nearly \$100,000 worth of winning mutual tickets were uncashed last season. Sgt. Joe Louis, the heavyweight champion of the world, is now on his way to an officers' training school. The army men in the United States think quite a lot of Joe.

'Round Our Town

We are again picking three intermediate hockey stars. The hockey players from this camp who are picked will each be given a pass to the Strand theatre. This week our three star selections were picked by a well known hockey-minded individual in town, who would rather remain anonymous. Here are the selections from last Thursday's game between Brampton and Newmarket.

Star No. 1 goes to Bob Bangay. Bangay played one of the best games that he ever turned in at Newmarket ice. He scored three goals. The first one of the second period was the neatest one of the night.

Star No. 2 goes to Szabo, the star centremen of the Brampton team. Szabo was one of the few Brampton men who could skate with the Newmarket team, and all night long he seemed to be literally getting in their hair. He checked hard and got one goal. Szabo is a Toronto boy, only 19 years old, and has had no junior hockey experience. He put in a few games this winter with the York Aresenal team of the mercantile hockey league at Ravina Gardens.

Star No. 3 goes to McMaster. Our selector had quite a bit of trouble picking the third man, but finally settled on McMaster over N. Bangay and Wheeler.

McMaster got three goals and, as we told you last week, he's a coach's dream player. Never says anything all night, but you can always rely on him to be in there trying.

D. Campbell and Huffman also looked good for Brampton. Wheeler and N. Bangay played bang-up games for Newmarket.

Al Wysinski, the same fellow who played centre field so well for the camp team in the local hardball league last summer, had a chance to show his stuff in goal last Thursday night. The majority of the hockey fans in town hold the same high opinion of his capers at the diamond game. Many of the hardball fans thought he was the best in town and after last Thursday's display he looks like a sure thing for a steady job on the hockey team. To all those who know Al this will be good news. You'd go a long way to find a nicer fellow than the Sault Ste. Marie boy.

Bob Bangay didn't play in Barrie on Monday night because of a bad case of flu. Right now Bob's in the camp hospital and will not play in Thursday's game against Orillia. Nick is expected to be with the team. All the boys on the camp team have had colds but they are still giving their best for the army.

Charlie Nesbitt, the Bradford boy on the Newmarket team, was a sick boy last Thursday night but he still went out there and tried. Right after the game he was rushed back to the camp and put in a hospital cot.

Tonight Orillia camp comes to town. Let's get out and help the boys along to an intermediate championship.

VETERANS' EUCHE RE NETS \$25 FOR COMFORTS' FUND

The Newmarket veterans' progressive euchre held in the town hall on Friday evening was well attended, over 100 players being present. The net proceeds were \$25.

The prize-winners were: gentlemen, first prize, W. C. Blight, 2nd prize, Ken Mount, 3rd prize, Mrs. F. Boyd, lone hand, Laurie Planagan; ladies, 1st prize, Mrs. Fred Hoare, 2nd prize, Mrs. Walter Collins, 3rd prize, Mrs. Wm. Winkworth, lone hand, Mrs. Irene West.

LOCAL MARKET

Butter was 40 cents a pound on the local market on Friday afternoon. Eggs were 25 to 40 cents a dozen. Young chickens were 20 to 35 cents a pound. Apples were 35 cents for a six-quart basket.

TORONTO MARKETS

Creamery solids, No. 1, were 35 cents a pound, and creamery prints, first grade, were 36 1/2 cents a pound on the Toronto markets on Tuesday.

Country dealers were quoted on graded eggs, cases free, delivered to Toronto, for grade A large, 35 cents; A medium, 33 cents; and A pullets, 27 cents a dozen.

Nominal prices to the shipper for poultry were: spring broilers, 1 1/4 to 1 1/2 pounds, 22 to 24 cents a pound; 1 1/2 to 2 1/2 pounds, 22 to 28 cents a pound; fowl, 3 to 4 pounds, 22 cents; over 5 pounds, 25 cents a pound.

Weighty steers sold at \$10.75 to \$11.75; butcher steers and heifers, \$10.25 to \$11.25; butcher cows, \$8 to \$10; canners downward to \$6; bulls, \$9.25 to \$10.50, and fed yearlings, \$11.50 to \$12.50.

Choice veal calves sold at \$16 to \$17, with common downward to \$11.

Good ewe and wether lambs traded at \$15.25, with others at \$12 to \$15.

Sheep sold at \$8 to \$8.55.

THIS YEAR Start your chicks EARLIER!

THIS YEAR, it's good practical, profitable patriotism to start your chicks earlier than ever... get them going on the job of producing urgently needed eggs and meat that much sooner. Then, too, an earlier start gives you time to give them a better start. Once the spring work opens up, you won't have much time to spare! Again, the top prices of the year are realized in the fall... September to December. Early-started, winter-started chicks have time to reach full size and development, and full egg-size, by the time prices are climbing, even though high-protein feeds, for starting and

growing, are going to be scarce. You can raise your chicks on less of these high-proteins if you start them earlier and give yourself time to grow them more slowly.

Don't overcrowd your chicks. Order just the number you have room for. If you jam them in too tight, nature very often steps in, and cuts the number to about what you should have in the first place. Second, plan to hold down your growing costs with green pasture, and if at all possible, with some milk by-product. This calls for planning ahead, but it is time well spent.

A Wartime Message from the President

IN REPORTING to our policyowners in this fourth year of war, I think that emphasis should be laid on the contribution which the institution of life insurance is making to Canada, and in particular to Canada's war effort:

- The premium collections represent deferred spending, and help to keep inflationary trends in check,
- The large scale purchases of Victory Bonds are of material assistance in financing the war,
- The protection and security afforded to families and business throughout Canada plays an important part in maintaining public morale,
- The payment of insurance benefits is a great factor in stabilizing the national economy, and
- The resources of insurance companies, comprising individual savings, will be available for postwar needs.

Thus, in wartime as in peace, life insurance continues to serve in the public good and in the nation's interest.

The year's results are recognition of the standing of North American Life Assurance Company, and are evidence of the place that life insurance has in the hearts and minds of our people.

Five Puzzlers Contribute To White Elephant Sale And Win Doubles To Smart Shows At Strand

There were 29 correct answers sent in to last week's contest but only five enclosed a coupon for the Lions club white elephant sale as required. (The misunderstanding may have resulted from the line, "Mail not later than Wed., Feb. 10," in the coupon. This was intended, not for puzzlers but for others listing articles for the Lions sale.)

These were Mrs. A. D. Evans, Newmarket, Mrs. Thos. Raymond, Newmarket, A. Beryl Climpson, 50 Andrew St., Newmarket, Mrs. W. H. Elinas, 55 Niagara St., Newmarket, and W. J. Brown, Newmarket, and so they take the passes.

These winners will have their choice of seeing "Reap the Wild Wind," starring Ray Milland, Paulette Goddard and John Wayne, with Raymond Massey, Robert Preston and Martha O'Driscoll, on Tuesday, Feb. 9, or "War Against Mrs. Hadley," with Edward Arnold and Fay Bainter, and "Sweetheart of the Fleet," with Joan Davis and Jinx Falkenberg, on Thursday, Feb. 11. Passes may be picked up any evening at the theatre.

The correct answers were: hospital, governors, helmet, broadtail, enamel, elephant, clothing, organist, tunic and cabinet.

THIS WEEK'S CONTEST

This week the contest is again open only to those who send in with their entry a Lions club white elephant sale coupon. Those who sent in their coupons last week are eligible also and need not send in another coupon. Any discarded article will qualify you, but the more the merrier. Help the Lions win the war!

Five double passes will again be given to the winners. They will have their choice of seeing "Here We Go Again," with Edgar Bergen and Charlie McCarthy and Fibber McGee and Molly, and "Army Surgeon," starring James Ellison and Jane Wyatt, on Tuesday, Feb. 16, or "Tish," starring Marjorie Main, Zasu Pitts and Guy Kibbee, and "Ten Gentlemen from West Point," starring George Montgomery, Maureen O'Hara and John Sutton, on Thursday, Feb. 18.

This week nine of the words have again been taken from the classified columns and one of the words pertains to the Lions club sale. Here they are: **EMISEOW, ER, SPRAAKITUC, WEOLRB, AK, ECLORNIUT, STREUTU, ITHIVE, IWHTUOT, KWIMN, CAA, GWNANI, HGAVANMO.**

COUPLE ARE SHOWERED - ON WEDDING DAY

The people of North Yonge St. honored Dvr. Reginald Ernest Glass of the R.C.A.S.C. and his bride, Helen Isabel Doner, at Middlebrook's hall following their marriage on Jan. 23.

Mrs. Glass is the youngest daughter of Mr. and Mrs. Alex. Doner of "Heathlawn Farm" and the groom is the youngest son of Mr. and Mrs. Harvey Glass, Aurora.

A change in plans hastened the wedding by a few days and the reception was arranged by Mr. and Mrs. John Bower and Mr. and Mrs. Roy Middlebrook. More than 75 friends gathered at Middlebrook's hall to shower them with gifts, tokens and best wishes.

The wedding party entered the hall to the strains of the wedding march played by Miss Meta Middlebrook. A pink canopy with drapery in the form of an umbrella in the centre of the room made a pretty setting.

A bountiful lunch and dancing followed the reception.

MOVE TO HAMILTON Mr. and Mrs. Norman Davison and Sharon moved to Hamilton on Monday.

IN MEMORIAM Huntley - In and loving memory of our dear father and mother, who passed away Feb. 3 and 4, 1937. Six years have gone, how swift time flies. But love's sweet memory never dies. We miss their help, their cheery ways. With them we spent some happy days. We miss them when we need a friend. On them we always could depend. God grant some day we will meet again. Our thoughts will be of the loved father and mother God gave to us. Lovingly remembered by Arthur and family.

Huntley - In loving memory of a dear grandfather and grandmother, Mr. and Mrs. Thomas O. Huntley, who passed away Feb. 3 and 4, 1937. They are gone but not forgotten. And as dawn's another year, And as lonely hours of thinking, Thoughts of them are always near. Joy of sadness will come o'er us, And we may think the wound is healed. But they little know the sorrow That's within the heart concealed. Always remembered by their eldest grandson, Donald E. Huntley.

The Home Nursing Reserve class is ever growing, with 130 registered to date. The class is most enthusiastic and fully realizes the wonderful opportunity it affords the women of Newmarket and district. Women are registered and attending regularly from Ravenshoe, Queensville, Sharon, Yonge St. and Newmarket.

Mrs. R. J. Rogers, nurse in charge, and Mrs. Gordon Hill, assistant, attended the refresher course in London, Ont., four days last week and will come back to the class with all the latest data for these reserve emergency courses and will have something interesting and instructive to tell as well as demonstrating the practical procedures.

Last Wednesday evening, Dr. C. E. VanderVoort, Newmarket dentist, gave a very fine lecture on the formation of the teeth; the vital importance of careful attention to the first or baby teeth which are considered the most important teeth we have during our life. The foundation of the permanent teeth depends entirely on the care of the first teeth.

Dr. VanderVoort also explained the different phases of toothache and the simple tooth troubles which would be most likely to be treated by the reserve class. The more serious troubles, of course, must be attended to by a dentist. The minor aches, etc., too, of course, must eventually have professional attention but may be temporarily relieved by a simple treatment at home until a dentist can be contacted. Trench mouth was also explained; the impact teeth; abscessed teeth and other mouth disorders were discussed.

The lecture was most interesting and instructive and the sincere appreciation of the class is extended to Dr. VanderVoort who so kindly gave of his time to assist in this good work.

The regular monthly meeting of the W.C.T.U. will be held at the home of Mrs. Wilson Lepard, north Main St., on Tuesday at 3 p.m.

Lived On Same Farm 50 Years, Mrs. Goodwin Dies

In failing health for some time, Mrs. Edward Goodwin died at Newmarket on Jan. 19. She was 71 years old on Jan. 5.

Rosa Ann Brown was a daughter of the late Emma Robinson and Mark Brown. She was born in Whitechurch township. She married Edward Goodwin on April 13, 1883. Mr. Goodwin predeceased her on Aug. 21, 1932. The late Mr. Goodwin was a farmer.

Previously to coming to Newmarket four months ago, Mrs. Goodwin had been a resident of King township for nearly 50 years, living on the farm she came to as a bride.

Mrs. Goodwin was a member of the Friends Meeting of Goodwin, Ontario, one daughter, Mrs. Gertrude Sister, Toronto, one brother, Peter Brown, Newmarket, and four grandsons survive.

The funeral service was held at the chapel of Roadhouse and Rose on Jan. 21. Stuart Dixon of Toronto conducted the service. Interment was made in Pine Orchard cemetery.

The pillars were Wm. Doan, Walter Pucker, Stanley Morning, Earl Buckle, Wm. Robinson and Murray Slater.

ONLY 28 MISSED MEN
REPORT, EXTEND TIME

Single men required by a recent proclamation to register under the military call-up must comply with the order by March 1 in order to put themselves in good standing with these regulations. P. J. Tod, manager of the local employment and selective service office, stated this week. They may register at employment and selective service offices, or at mobilization board offices or post offices.

Only single men who have not received notices to report for medical examination under the military call-up, and who were born in 1902 and the following years up to and including 1923, must report. Mr. Tod said, pointing out that men who did receive their notices, and who as a result were medically examined by personal physicians, are not now required to report.

To clear up further any confusion about the exact definition of the men who must report by Feb. 1, (extended to March 1), Mr. Tod stated: "The term single man includes any man who was unmarried at July 15, 1940, whether he has since been married or not; also, any man who was a widower, or was legally separated or divorced at July 15, 1940, and who had no dependent children at that time, or who, if he had a dependent child at July 15, 1940, no longer has a dependent child or children. It further includes all men who have become widowers, or were legally separated or divorced, since July 15, 1940, and who now have no child or children dependent on them. Any of these men who did not previously receive notice to report for medical examination, must register by Feb. 1."

Many men at present in the armed forces did not receive notices to report. Obviously, these are exempt from the order, Mr. Tod added.

Since the issuance of the proclamation which requires this registration by single men, ten men have reported at the local employment office. It was stated, and 18 men have also reported through the local post office.

ANNOUNCE WARTIME
MACHINE SHOP SCHOOL

Under the dominion-provincial war emergency training program, Aurora is to have its first wartime trade school for men and women. It has been announced by H. D. Macpherson, president of the Aurora Engineering Co. The course will start this month, and applications are being asked at once from boys over 16, men of any age, who qualify, and women from 17 to 40.

"We have 40 employees now after 15 months of operation and need additional workers without delay," Mr. Macpherson told The Era and Express. "The men must be military exempt, and not farmers to comply with the regulations. We want a class of at least ten or 15 to start, and as fast as these people are ready they will be put to work in the plant. Because of lack of housing here, we are anxious to have workers from the Aurora and North York district."

"Heads of families will be paid \$12 a week while students, single trainees, will receive \$8 per week. In addition, all will be paid a small living wage, according to the skill and experience they show."

"Qualified instructors will teach lathe work and machine-shop work. The courses will be held at night from 8 p.m. to 2 a.m., as those are the only hours we have available at the plant under present production schedules to teach others. The students would not necessarily be assigned to the night shift after their training period, which would last six months or three months. The wages they will receive afterwards are good, and they will not have to look for a job elsewhere."

Many vital war parts, including gravely tanks for 5.5 guns, and aircraft parts, are being built by the company.

All applications will be considered from those now employed in war work.

ENGLISH SAILOR LIKES
CANADIAN TREATMENT

A letter of appreciation has been received by Mrs. Douglas Brackett and Mrs. Fred Johnston of the United States Women's Institute, from S. Johnson, survivor of a torpedoed ship, thanking the ladies for a ditty bag sent through the Navy League.

"I write to thank you for your welcome parcel, which was greatly appreciated. This being my first Christmas away from home and not being able to get ashore you may understand how good your bag looked to me. I now that my wife and mother were doing the same for your boys over home, not on such a scale as the people of Canada, but as well as they can under the circumstances."

"I am a survivor here from one of H. M. ships, waiting to go home and when I get there I will tell all of the way the folks in Canada are treating us and the kindness they have shown us. So again I would like to thank you."

With Miss Mae Douglas of the Aurora high school staff in this week, and supply teachers at a premium, Mrs. G. W. Williams, wife of the chairman of the board and one-time Aurora teacher, came out of retirement to do a fine job with the English and French classes.

ST. ANDREW'S WIN EXHIBITION TILT 41-14

Chadburn, D.F.C., Arrives Home, Anxious To Get Back

With the same modesty and graciousness that has characterized his whole career Aurora's number one hero of the present war and one of Canada's most famous fighting sons, Squadron Leader Lloyd V. Chadburn returned to his home and family early Tuesday morning.

Tall, tanned, and with a slight English accent he was still the same unassuming boy so many Aurorans knew before his departure overseas in the fall of 1940. His mother, Mrs. Frank Allen, learned on Monday that he was in Canada.

Lloyd first came into prominence with his sinking of a German E boat. Then came mention of attacks on the Scharnorr and Gneisenau. Promotion to squadron leader followed, and the day after his 23rd birthday he was in the thick of the Dieppe episode.

He received the Distinguished Flying Cross last October from His Majesty the King. A few weeks ago it was learned that he had been transferred to a staff college.

but no news of his leave came until he was almost home. "Bob Turp is doing a real job," Squadron Leader Chadburn said. "He is fine. So is Charlie Seath." These two Aurora boys are with his squadron, Flying Officer Clai. Bruce, adjutant of the squadron, and native-born Auroran, was tops. It was nearly six months since he had seen Ft.-Lieut. G. O. Lightbourn, Lieut. Bill King, "Bus" Petrie, Billy Hoskinson, other Aurora boys he had seen recently were all mentioned. Lloyd, who arrived overseas three months ago, had safely brought him parcels entrusted to him.

"The king looked well," he said as he exhibited to his mother for the first time the Flying Cross that a few months ago was pinned on his breast, and whose insignia he wears on his tunic. He wore high boots "old friends I have had for two years."

He expects to be home for a month and "to then return to my squadron. I don't want to leave the boys or give up being in the show."

Strong Orillia Team Puts No. 24 At Bottom Of Heap

Orillia Camp sent Brampton soldiers to the bottom of the league in Aurora on Tuesday night as they won 63 in a game in which they had the edge most of the way.

Referee Jack Bennett drew the line of the Brampton management as he allowed the visitors to get away with plenty of holding, and missed a clear-cut goal which Campbell scored but the Orillia goal judge refused to recognize. A break here or there might have turned the tide for Brampton but the breaks against them were mostly bad.

Injuries were more prominent as McKay was forced to retire with a badly cut head, the result of an accident. Huffman was butted and had to go for a rest, and "Flash" Abrams stopped a shot the wrong way. In the last period Burkhardt drew a penalty, and as a result of some choice descriptive language Huffman drew a misconduct penalty. With both Brampton's defence players off, the boys from No. 24 salted the game away.

At home, bulky goaltender for Orillia, played a fine game, kicking out 33 shots. Abram handled 43 but let in a soft one in a Turk Broda, as he juggled Gordon's shot. With an odd man advantage in the last few minutes of the game Szabo counted twice.

Three star performers were "Mac" Craig who tallied twice, checked well, and succeeded in getting the goat of the opposition, Elvin Tagliabue, fast-moving defenceman, who scored twice, and was a tower of strength defensively, and Joe Szabo of Brampton, who kept plugging all the way and picked up three scoring points.

Ollie exhibited a strong defence and two well balanced forwards, especially the Normandy-Gordon-Roth trio. Bruce Burkhardt strengthened the Brampton defence but lacked condition to wards the end. Bill Harris and Campbell turned in swell performances. Day, the second-string right-winger, was weak and allowed two of the visitors to coast in for scores.

BURY 56 AT AURORA CEMETERY IN 1942

Fifty-six persons were interred at Aurora cemetery in 1942, 22 of whom were over 80 years of age, as was disclosed at the annual meeting of the Aurora Cemetery Association, held on Wednesday. The figures were reported in excellent shape. J. F. Walker was re-elected president. Miss Lois Lavoie was elected secretary-treasurer, succeeded by Alfred Love, who resigned on account of ill health. Directors are J. B. Greig, J. F. Willis, C. E. and W. J. Knowles, C. Wyatt and Dr. C. J. Devlin.

ST. ANDREW'S SENIORS KOSE OUT A.H.S. 3-2

St. Andrew's college senior hockey team nosed out a 3-2 win over Aurora high school seniors who were making their first start of the season, last Thursday afternoon.

Aurora opened the scoring with Bob Fyfe tallying and Owen Richards made it 2-0 as the high school pressed hard in the first period. Garritt scored for S.A.C. The Andrians tallied once in the second to tie the score and went on to win in the final period.

Kennedy, Clarkson and the Garritt brothers were best for the winners. Eric Smith, Bob Fyfe, Gar. Doolittle and Richards looked best for Aurora.

A.H.S.: goal, Eric Smith; defence, Bob Fyfe, Gih. Smith; centre, Doolittle; wings, Richards and Bob Walker; subs., Charlie "Swamp" Chas. Seath, Richard Bryan, Doug Fisher, Bruce McGuire.

Del. Babcock officiated.

SCORE WINNING GOAL IN LAST TEN SECONDS

St. Andrew's college senior hockey team evened their series with Pickering college by defeating Tommy Myers' boys 6-5 in Newmarket last Wednesday. The Garritt brothers starred for S.A.C. while New Thomas was best for Pickering. The winning goal was scored with 10 seconds left. "Butch" Smith refereed.

PICKERING WINS 35-32

Pickering college junior basketball team defeated St. Andrew's college juniors 35-32 at Aurora in a North York intercollegiate fixture.

IS WAR PRISONER

Ftl.-Sgt. George Graham, son of Mr. and Mrs. Thos. Graham, Aurora, who was reported missing following a raid over enemy territory on Dec. 16, is a prisoner of war in Germany.

SOLDIERS ARE BEST
YET, BUT ACES BETTER

Middlebrook's Aces kept at the top of the Aurora town league by defeating Ordnance 63 in a hard fought battle.

The soldier boys, minus Bob Townsley, and with only one of their new players, Briggs Creighton, on hand, turned in their best effort of the season.

"Duke" Dennis soloed at the four-minute mark to put Aces in front, but seconds later Cliff Gunn drew a penalty for tripping Creighton and the Depot boys ganged the Aces' net. George Rothwell finally banging home Creighton's pass. Charlie Taylor put the Aces ahead as the period ended, Gunn assisting.

Goodhead drew a rest for tripping Harvey Gibney and Herbie Yake for two minutes in a row was kept busy kicking them out. With the two teams at full strength, Creighton and Rothwell broke away, with only Gibney back Gibney threw his stick as Rothwell took the pass in the clear and after a lengthy argument, Referee Tommy Myers awarded the soldiers a goal.

Charlie Taylor got that one back as he picked up a loose puck and Ordnance tried to clear in vain. Creighton again set up a military goal, Farley doing the honors to make it even-step.

MacInnis drove a beauty that hit the cross bar and missed. Davis passed out from the corner, and Dennis fired home a goal which Yake couldn't see for the mob in front.

As the period ended, Davis sent the rubber to Gunn and Cliff sent a beauty at the net, which "Blondie" Lookhart deflected past the waiting Yake.

In the final session both teams were battling hammer and tongs and just about come to blows several times. Separating one scuffle Referee Myers sent Gunn flying.

Rothwell tripped Dennis as he was in alone and a penalty shot was awarded, which the Duke, on a ledge finally clinched the game as he hammered home Gibney's pass.

For Ace Charlie Taylor, Gunn, Dennis and Conch Gibney looked especially good. Hope was steady in goal. Ordnance, decked out in new sweaters, were much improved and Creighton was as good as any man on the ice.

Herbie Yake stopped enough to win most games and never looked better. Wilf White and Hagerman also were prominent.

HELP OUT LADY, SEND ACCOUNT TO ORILLIA

Aurora town council is forward a bill for \$3 to the town of Orillia to set off that municipality's share of expenses incurred by Aurora in looking after an 80-year-old Orillia resident who was stranded in town for 21 hours.

The woman, who is a pensioner, got off a southbound train here, although she had a ticket to Toronto, stayed in town, tried to hire a taxi to Toronto, was held and housed by the town, as he had no funds and was placed in a nursing home in fact, the amount includes train fare, taxi, meals and lodgings.

FORMER AURORA BOY IS PRISONER OF WAR

Good news came to Mrs. W. E. Bundy, 230 Kingston Rd., Toronto, and to Aurorans on Friday, when a cable advised her that her son, Sgt. Edward Herbert Bundy, former Aurora boy who two days previously had been listed as "missing" in official R.C.A.F. communications, was a prisoner of war in Germany. Since Sgt. Bundy was a member of the same air crew as Ftl.-Sgt. George Graham, previously reported a prisoner of war, it is believed the two boys are together.

ROBT. HARRISON WEDS JOYCE BIRD

The wedding was solemnized quietly last week at the residence of Rev. and Mrs. T. R. White, of Joyce Bird, daughter of Mr. and Mrs. Harry Bird, Aurora, and Harry Scott Harrison, son of Mr. and Mrs. Robert Harrison of King. Rev. T. R. White performed the ceremony.

The bride, in marriage by her father, wore an afternoon dress of powder blue sheer, with hat and matching accessories. Miss Grace Davis was the bride's only attendant, wearing a marine blue ensemble. Mr. Douglas Harrison acted as his brother's best man.

Mr. and Mrs. Harrison will take up residence in Aurora.

AURORA MAN'S NEPHEW WAS KILLED IN CRASH

Warwick, Ontario, 12-year-old Weston, 10-year-old Weston, who was killed in a crash at Windsor last week, is the nephew of Mr. Charles Fry, W. O. Lawrence's parents, Mr. and Mrs. Alex. Lawrence, residing in Aurora about 10 years ago at Centre St. Mr. Lawrence being in the implement business.

Surviving brother's parents in a brother, Sgt. Addison Lawrence, was a pilot in the military funeral which was held at Weston.

Town Council Considers Payment Of Its Members

Because of Councillor Ross Linton's absence from the council board because of illness, Aurora town council left over until the next council meeting a recommendation of the by-laws committee which provides for remuneration for the mayor and councillors. The recommendation was presented by Councillor A. N. Fisher, chairman of the by-laws committee, and was signed by the other members, Councillors Fred. Rowland and Dr. G. A. C. Gunton.

"The members of the council do not need any remuneration to better themselves financially," said Councillor Gunton. "Most of us would make more money by attending to our own affairs than by sitting on council. The question is bigger than dollars and cents. There is a moral obligation on each member to do his best, but I feel the responsibility would be more binding if a man is paid than if it is voluntary."

"Aurora with one exception (Weston) is the only York county municipality that does not pay its council something. The other municipalities approved by their ratepayers, and I don't think the people of Aurora would object."

"Previous councils have considered this question but have been afraid to tackle it. My chief reason for supporting it is to place Aurora on the same footing as other municipalities and to receive more serious consideration of council members on the matters before them."

"I have sat in the council longer than any one here," said Reeve, C. A. Malloy. "I never considered

MOVIES PARADE

"Reap the Wild Wind," starring Ray Milland, Paulette Goddard and John Wayne, plays two days only, Monday and Tuesday, at the Strand theatre.

Set in 1840 when America's sea borne trade was threatened by pirates who operated out of Key West and took advantage of the wild hurricanes of the Caribbean, "Reap the Wild Wind" tells the exciting story of a boy and a girl, Milland and Paulette, who helped to end the piracy. Behind the love story is the broad sweep of history, forerunner of a later day when steel-hulled warships off the very same shores.

While the shipwreck and hurricane scenes are exciting enough for a half dozen thrillers, the film's highlight comes when Milland and Wayne battle to the death in a fathoms deep rendezvous with a giant squid. This sequence alone is enough to ensure for "Reap the Wild Wind" a secure spot in cinema history.

Supporting the stars is a large and distinguished cast, including Raymond Massey, Lynne Overman, Robert Preston, Susan Hayward, Charles Bickford, Walter Hampden, Martha O'Driscoll and Janet Beecher.

Vivian

Vivian, Jan. 28. -- The mid-week meeting and the Sunday services at the church had to be cancelled on account of blocked roads.

The sidewalk west from Vivian was opened on Thursday afternoon but all the other roads are still blocked at time of writing. A few sleighs have made their way through by zigzagging across the road from one field to another.

School has been closed nearly all week and the mail could not get through for several days. The mailman has not been able to make the complete route for some time. Farmers who ship milk had difficulty in getting it out. Stores also had difficulty in getting supplies. Bakers and butchers were unable to make deliveries.

The weather has turned milder at time of writing and looks as if the January thaw may be coming. The social evening which was planned for last Saturday had to be cancelled on account of blocked roads.

Council Postpones V.O.N. Decision, Hears Deputation

(Continued from Page 1)

having a nurse. For myself, I think a V. O. N. nurse is a tremendous improvement over a public health nurse, but I can't vote for the motion tonight. I don't know if the time is opportune.

"It is an ideal thing. The sewage disposal plant that we discussed some years ago was an ideal thing, but we didn't do it."

"I think I can explain it best by telling you what a man said to me today: 'Yes, I think it would be a swell thing for me to have a Packard car but I can't afford it.' I think there is a very strong public opinion against it and I shall oppose it."

"I have attended some of the public meetings on this subject," said Councillor Wm. Dixon. "There were 50 at the first meeting (Stuart Scott school), and 18 at the meeting the other evening (council chamber). Six were councillors. I think interest is waning. I don't think that the present is an opportune time. There is a shortage of nurses. They are needed in the army and all over the country."

"With regard to the health of the children, conditions in Newmarket are different from conditions in the city of Toronto. Mothers here look after their children carefully. In the city they get a lot of careless homes."

"Another reason I'll oppose it is that there is a great deal of opposition. There is organized opposition forming. If the council supports it there will be a group here at the next meeting to oppose it."

"I am going to vote against it at the present time," said Reeve F. A. Lundy, "but not for the reasons these gentlemen have given, but because it is unfair to property-owners."

"It isn't," said Dr. Dales.

"The nurse said the other evening that the municipal grant varied from \$500 to \$1,200," said Mr. Lundy. "I hoped that the committee would come here tonight with a 50-50 proposition. The V. O. N. is a fine thing."

"The thing that is going to be most discussed after this war is health," said Mayor Dales. "When citizens offer to do so much, I think that we should give this a try. I remember when people said that a hospital in this town wouldn't go. This council wouldn't give a grant to a hospital. Today our hospital is invaluable."

"We should do this in the interests of child welfare," said Dr. Dales. "It is untrue that town homes are better than city homes. Are we always going to be 30 years behind the times?"

"If we can supply the town with a V. O. N. nurse for \$1,250 and an office, I think that it is a good investment," said Councillor J. L. Spillette. "We would like to see a clinic. I am going to support the grant."

"It seems to me that there is an attitude around this board of what was good enough for dad is good enough for me," said Councillor J. A. Perks. "Do you really believe that?"

"No," said Councillor Dixon.

"The nurse is engaged only month by month," said Councillor Bowser. "We may branch out into a public health nurse or a clinic. There are mothers left in this town with the head of the

house overseas. These mothers need help.

"We have lots of children playing on the streets who are said to be away from school because they are sick. A nurse would know if they really are sick."

"I hoped that there would be at least another night before we had to decide this question," said Deputy-Reeve Evans. "I am interested to know how close this will come to a clinic."

"Fairly close," said Dr. Dales. "A wing is needed to the hospital," said Mr. Evans. "All these things should be done together and done right."

"Don't crowd it to a decision tonight," said Reeve Lundy. "The tax rate is to be struck soon, and I think the gentlemen are concerned about the tax rate."

"We are going to vote tonight," said Dr. Dales. "If you haven't attended the meetings and informed yourselves that is your problem."

Mr. Koffend then dealt with some of the discussion.

"With regard to the number at the meetings, I was at your nomination meeting," said Mr. Koffend. "Need I say more? There are some things the public will never take cognizance of. Reform comes not from the crowd, but from small groups, individuals and martyrs."

"If the town can spend \$1,200 (Aid to Russia) on men and women and children thousands of miles away, why can't we spend that amount on our own people? If you give this plan a chance to prove its value, and the V. O. N. is a success, you won't be asked for \$1,250 next year. If it isn't a success you won't hear any more of it."

"Of course there are objectors. I'd be sorry for the town if there weren't."

"You men have given years of service but you don't get the appreciation you should. The town hall for the nomination meeting should have been packed. You men had to nominate your own officers. That shouldn't be."

"You'll get criticism if you do make a grant, and criticism if you don't. The question is which will be worse. I appeal to you to put intelligence above prejudice."

"What about tenants? Don't their wishes count? They pay taxes plus a profit."

"I want to say that I think Mr. Koffend is out of order," said Mr. Dixon. "He hadn't any right to speak at this point."

"Mr. Koffend isn't a taxpayer," said Mr. Dixon. "Many taxpayers are opposed to engaging a nurse, and the country is short of nurses."

"Mr. Koffend is ill advised in threatening us," said Councillor Vale. "I am now convinced that it is not the opportune time for a nurse."

"There is an organization very much opposed to having a nurse," said Councillor A. V. Higginson. "I am not opposed to it," said Deputy-Reeve Evans. "I am opposed to having anything rammed down my throat."

"Make it a notice of motion for the next meeting," said Mr. Bowser. Mr. Spillette, the second-order, assenting.

"Much better," said Mr. Higginson.

Mayor Dales agreed, and the resolution was withdrawn.

DOWN THE CENTRE

We salute as the team of the week Ordnaunce Depot of the Aurora town league, who at the time this column was written had yet to win their first game of the season so. The soldier laddies are as game a bunch of boys as we have seen, have kept all their obligations to date and by no means should be sold short for the playoffs. Ordnaunce have given the military personnel a charge to play in place of hauling in a bunch of stars. However, the exigencies of warfare make for strange things and transfers are not hurting the team any, judging by some of the names we saw as slated for transfer here.

Herbie Yuke is holding down the goal job and as long as Herbie holds his temper he is as good as any in the league and of intermediate calibre.

Charlie Case can also take over the goal duties but is at present acting as coach. Herbie is a civilian who was turned down for active service while Charlie joined the army last month.

Briggs Creighton has played only one game on defence for Depot but already he looks like one of the league stand-outs. He is big and fast and has played for Toronto Do La Salle Oaklands and senior T.H.L. commercial. He will be a big help to Aurora inter-mediate.

Jack Lockhart, big blond defenceman, hails from Toronto but has never played hockey before. He, along with Creighton, are military police.

Al Dunstall, a corporal, is the

third defenceman, and the veteran of the team. His "military age" is 35, but we know he was a team-mate of "Sonny" Smith in junior hockey and played intermediate hockey against Aurora as far back as 1930.

Herb, Farley from Willowdale centres the first line and for a comparative novice does a fine job. Herb is a staff-sergeant.

Will, White, Aurora softballer and returned war veteran of the present fray, is playing a fine game at right wing and gets better each time out. As a junior he was overlooked locally.

George Rothwell, who has two hooks, is another forward, and George, while slowed up a bit, knows what it is all about. His home is at Lansing and he was a member of that smart T.H.L. team coached by Jimmy Garlick which won senior honors several years in a row.

Art, Hagerman from Belleville knows where he's going but needs condition. He is a member of the well-known Belleville hockey family and has played both junior and intermediate for the Quinte city.

Bill Quinn has had only Toronto playgrounds experience but looks better each time out. Norm, Good-bred from Toronto fills in as a utility player acceptably.

Bob Townsley from Newmarket, a brother of "Sonny" Townsley and one-time Newmarket junior, out of action at present with a couple of cracked ribs, has played fair hockey to date but can do better once he gets in shape.

MOUNT ALBERT FALLS DOWNSTAIRS, BREAKS BONE IN FOOT

Mr. and Mrs. Geo. Wilson of Toronto spent the weekend with Mr. and Mrs. Robt. Wilson.

Capt. W. L. Carruthers, M.D., and Gnr. Ronald Allison, both of Brampton military camp, were home over the weekend.

Major J. L. Stiver of Camp Borden, visited his parents, Mr. and Mrs. Byron Stiver, last week.

Mrs. H. Leadbetter, Ray and Joyce, spent several days with friends in Markham last week.

Mrs. W. Lunau has been visiting her daughter, Mrs. Byer, at Peterboro.

Art Rolling is returning to work on the Alcan highway and Mrs. Rolling will stay with Mr. and Mrs. William Rolling.

Mrs. H. Ross had the misfortune to slip and fall when she was coming down the stairs on Friday, breaking a bone in her foot. She was taken to York County hospital for x-rays but is now at the home of her daughter, Mrs. Rennie, where she will be confined to the house for some weeks.

MOUNT ALBERT Two Are Injured When Truck, Train, Collide

Mrs. H. Pearson is spending a week at Trenton with her cousin, Mrs. D. Pope.

Mr. and Mrs. Geo. Walker recently celebrated their 56th wedding anniversary. Mr. and Mrs. Walker still are able to keep their own home and although not as young as they used to be are both enjoying fairly good health.

Geo. Hammet and Murray Smith were taken to York County hospital last Thursday after the truck in which they were driving south on the eighth was

in a collision with a C.N.R. passenger train also going south.

Mr. Hammet received a fractured nose and several fractured ribs and head injuries. Mr. Smith escaped with a concussion and a few lacerations and returned home again from the hospital after treatment.

Mr. Hammet is still in the hospital but is slowly improving.

The January meeting of the Cherochie club was held on Saturday evening at the home of Mrs. Dawson Dike. Owing to the bad roads and stormy night there were only 13 present.

The following officers were elected for 1943: hon. pres., Mrs. George Price; pres., Mrs. Murray Stokes; vice-pres., Miss Bertha Harman; sec.-treas., Mrs. Roy Carr; visiting committee, Mrs. Kenneth Mitchell, Mrs. Walter Rate, Mrs. Wm. Couper, Mrs. Donald Stiver; war work committee, Miss Eva Harrison, Mrs. Lyman Pearson, Mrs. Allan Hopkins, Mrs. Frank Ross.

Mr. Morley Case has moved into Mrs. Vernon's house on the back street.

Mount Albert and vicinity is still buried in deep snow, although roads have been dug out to get around and no one has suffered by being shut in. So many teams and sleighs have not been seen for many years.

Many people are trying out skis this winter to get around. H. Leadbetter put skis on for the first time recently and he went six miles to visit some relatives who were shut in and came home again the same afternoon all safe and sound. Ray, his young son, accompanied him.

QUEENSVILLE Nine-Year-Old Boy Dies As Result Of Accident

A campaign for clothing for Russian relief is being sponsored by the Queensville branch of the Women's Institute and donations of good used clothing and new clothing, also donations of money, may be left at the United church or at the home of Mrs. L. Irwin, president of the Red Cross. Donations will be received until Feb. 14.

Due to road conditions, the United church W. A. meeting has been postponed until next Tuesday. All members and visitors are asked to be present as there are Red Cross quilts to be quilted. Supper will be served.

Murray Huntley of Manning pool, Toronto, spent the weekend at his home. At the Sunday morning service at the United church he sang "The Holy City."

Visitors at the home of Mr. and Mrs. Frank Kavanagh over the weekend were LAC Anderson of Saskatoon, Misses Marion and Dorothy Rattle of Milliken, Miss Jean Kavanagh and Mr. and Mrs. Wm. Kavanagh of Toronto.

Pte. Rex Smith of Ottawa is spending a few days at his home here. Miss Patricia Moore of Sudbury is also a guest.

Weekend visitors at the manse were Mr. and Mrs. L. A. Watts, Pte. and Mrs. H. Toombs, Dan Shannon and Rev. and Mrs. R. R. McMath.

Miss Audrey Pearson spent the weekend at her home.

Kenneth Mahoney, nine-year-old son of Mr. and Mrs. Ross Mahoney, was fatally injured on the highway last Wednesday and died in York County hospital the same evening.

The funeral, which was private, was held at the home on Saturday and was conducted by Rev. Hugh Shannon. Immediate neighbors and relatives attended the funeral. The pallbearers were Kenneth's school companions.

LANDING GROUP HELPS TO SUCCOR RUSSIANS

"We very much appreciate your initiative in starting this work and the kindness of Mrs. McCallum in lending her house for the collection of the clothing," J. Creed, Toronto, chairman of the clothing division of the Canadian Aid to Russia fund, writes in a letter to Mrs. G. R. Holland Landing.

"Yours was a most generous contribution," Mr. Creed writes. "You will be glad to learn that things are coming in at an increasing rate and that the shipments sent to Russia will not only be large but of excellent quality."

Mr. Creed asks that thanks be conveyed to Mrs. S. R. Goodwin, Mrs. Aubrey Stephenson, Mrs. Alex. Stephenson, Mrs. Jack Kitching, Mrs. Jack Cooke, Mrs. W. Dean, Mrs. Percy Thompson, Mrs. S. Greig and G. B. Thompson, other members of the group.

The Roches Point Women's Institute held its regular monthly meeting at the home of the Misses Young on Jan. 12 with 11 members present.

The president, Mrs. Tassie, conducted the meeting, which opened with the Institute Ode and creed. The roll-call was followed with a conundrum. The minutes were read and approved. Letters from a great many men in the services, acknowledging the Christmas parcels sent them by the Institute, were read. Mrs. Sherman, Sr., sent her thanks for a small remembrance from the branch at Christmas.

Mrs. Upton was elected treasurer for the remainder of the year. Mrs. Baines invited the members to hold their next meeting at her home on Feb. 9. The hostesses will be Mrs. Tassie and Mrs. Thompson.

The members arranged a euchre to be held in the parish hall to raise funds for Russian and Chinese relief. Mrs. Thompson conducted a spelling match while refreshments were being prepared. Mrs. Bunn was the winner.

There was an unusually large attendance at the euchre on Jan. 28. First and second prizes were won by Mrs. M. Brown and Mrs. Clow and the consolation prize by Miss Lillian Sheppard. The door prizes went to Mrs. Sherman Day.

Contributions to the relief funds totalled \$18.

KESWICK Mrs. W. E. Morton Is Made W.M.S. President

The W.M.S. held its first meeting of the new year when the story of the work done in 1942 was vividly told in the reports presented by the various officers. The president, Mrs. W. E. Morton, was in the chair. She was assisted in the service which preceded the meeting by Miss Joy Marritt, Mrs. F. Marritt and Miss Gilroy.

The president's message for the new year was appreciated. The treasurer, Mrs. Geo. White, reported the allocation had been met, the W. A. having most generously donated \$10 towards it. Quite a number enrolled as members for 1943.

Mrs. Frank Marritt introduced the study book for the year. Mrs. P. Mahoney consented to review the first chapter at the February meeting, which is to be held at the home of Mrs. Washington Winch next Thursday at 3 o'clock.

The following is the list of officers for 1943: hon. pres., Mrs. Gordon Lapp, Mrs. W. Vail; president, Mrs. W. E.
